

THE HALSEY FAMILY SCIENCE SCHOLARSHIP GUIDELINES AND CRITERIA

*A Post-Secondary Scholarship Program Offered To Students from Camden County, Georgia
Pursuing a Bachelor's Degree in a Biological or Physical Science Field*

The Halsey Family Science Scholarship is established by John F. (Jack) Halsey, PhD, and Sandra M. (Sandy) Halsey in recognition of the significant influence that science education and research have had on their lives. The scholarship awards up to four (4) academic semesters of support to undergraduate students beginning in their freshman year in college, based on continued progress and academic achievement.

One (1) student may be selected for a scholarship award annually. The scholarship provides up to \$1,500 per semester (maximum, \$3,000 per year), which is paid directly to the post-secondary institution, on behalf of the student each semester, to offset costs of tuition, fees, books, and room and board. Any excess funds are distributed to the student through the institution's student accounts services to pay for living expenses.

The criteria for scholarship award is as follows:

- Applicant must be a senior who will be graduating from Camden County High School, or any successor public high school(s) in Camden County.
- Applicant must be accepted at a regionally-accredited undergraduate institute in the United States, with the intention of majoring in a biological or physical science field. Examples of an appropriate major include physics, chemistry, astronomy, biochemistry, biology, microbiology or an engineering program in one of these areas of science. The institution must be approved and accredited to offer a bachelor's degree in one of these or a closely-related field. The student must provide a copy of the acceptance letter with his/her scholarship application.
- Applicant must submit a completed application and two letters of recommendation (at least one must be from a professor or teacher in the basic sciences), along with an essay (limit 750 words) in which the applicant discusses his/her future interests in the field of science, medicine or research and provides some insight into his/her financial need.
- Applicant must provide a copy of his/her high school transcript and a copy of current SAT or ACT scores.
- Preference will be given to applicants who have a demonstrated financial need and who have a declared and demonstrated interest in pursuing a career in science.
- Applications are due **Monday, April 2, 2018**.

- Recommendations for scholarship award winners and alternates are made by a Selection Committee and the Foundation during May of each year, in advance of Scholarship Night.
- Once awarded a scholarship, students must maintain acceptable academic progress. Criteria include the student's GPA, institution attended, the major and the course load. The student must attain qualifying enrollment status to receive subsequent year funding: e.g., "sophomore" for year two.

The selection process for **The Halsey Family Science Scholarship** is overseen by the Communities of Coastal Georgia Foundation, where the scholarship fund is housed. Annually, the Board of the Foundation appoints a Scholarship Selection Committee to oversee the selection process for the various scholarship programs it administers. The Selection Committee will review application materials, interview applicants (as appropriate) and make recommendations for the award to the Board of the Foundation.

Checklist for Scholarship Application Submission

Please include the following materials in your application package:

- Scholarship Application Form.
- Copy of Official High School Transcript (through last completed semester).
- Copy of ACT and/or SAT Scores (all).
- Letter of Acceptance from College or University.
- Student Essay (750 words or less) which discusses applicant's future interests in the field of science, medicine and/or research and provides insight into applicant's financial need.
- Two letters of recommendation, at least one must be from a teacher/professor in the basic sciences.
- Please send application material in PDF format via email to: info@coastalgeorgiafoundation.org or in hard copy by mail to Communities of Coastal Georgia Foundation, ATTN: Halsey Family Music Scholarship, 1626 Frederica Road, Suite 201, Saint Simons Island, Georgia 31522.
- The 2018 deadline for submission is **April 2nd**; all materials must be received by that date.
